Date: 20 March 2020

To: Teachers and Students

On 18 March 2020, the Government's Multi-Ministry Taskforce had announced additional border controls and travel restrictions to reduce the risk of further importation of COVID-19 leading to community spread in Singapore.

All Singaporeans, permanent residents, long term pass holders and short term visitors entering Singapore after 20 March 2020, 2359 hours will be issued a 14-day Stay-Home Notice (SHN). They must provide proof of the place of residence where they will serve the 14-day SHN to the authorities.

The Government had also raised its travel advisory for Singaporeans to defer all travel abroad with immediate effect.

Hence, all teachers and students are to adhere to the following:

1. From 20 March 2020, 2359 hours, all CI-NTU teachers and students returning from all countries, are required to serve 14 days' SHN starting from the day after they return to Singapore. This will supersede the earlier advisory requiring returnees from countries not under the Government's SHN list to take 14 days' Leave of Absence (LOA).

2. To facilitate your return to Singapore, all teachers and students are to update and email your travel details with CI-NTU. Your date of return, flight details, a local contact number and a local residential address are essential information required by the authorities to grant you permission to enter Singapore.

4. All teachers and students are to adhere to the Government’s advisory not to travel abroad.

5. All teachers and students are reminded to update their contact information and to update changes to their travel declaration as soon as possible.

For the latest information and updates on the COVID-19 situation, please visit the Ministry of Health and Ministry of Education websites.
